Admin email notifier

The screenshot displays the Magento 2 Admin Panel interface. On the left is a vertical sidebar menu with icons and labels for various sections: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES (highlighted with a white background), SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is titled 'Stores' and contains a list of configuration options: Settings, All Stores, Areas, Configuration (highlighted with a dark grey background), Terms and Conditions, Order Status, Taxes, Tax Rules, Tax Zones and Rates, Currency, Currency Rates, and Currency Symbols. To the right of the main content area is a secondary menu with options: Attributes, Product, Attribute Set, Rating, Other Settings, and Customer Groups. At the top right, there is a notification: 'Cache. Please go to Cache Management and refresh ca...'. Below the notification, there is a section for 'Revenue' showing '£0.00'. At the bottom right, there is a table with columns for 'Total' and 'Product'. The 'Total' column lists values: £12.00, £42.20, £12.20, £32.00, and £6.00. The 'Product' column lists items: Parmesan, Snappy Tomato Sauce, Black Olives, Pepperoni, and Chicken. An orange arrow points from the 'STORES' menu item in the sidebar to the 'Configuration' option in the main content area. Another orange arrow points from the 'Configuration' option to the 'Rating' option in the secondary menu.

General settings

- 1 You can enable or disable the extension in general settings.
- 2 You can use a general email for all notification. If yes, specify this email.

Enable or disable extension

Extension features

1 You can choose what type of events you'd like to be notified.

2 You can specify a different email for each type of event.

The screenshot shows the 'Configuration' page for the 'EXTAIT MODULES' extension. The left sidebar contains a menu with categories: GENERAL, CATALOG, CUSTOMERS, SALES, EXTAIT MODULES (selected), SERVICES, and ADVANCED. The main content area is titled 'General settings' and includes the following fields:

- Module status** [store view]: A dropdown menu set to 'Yes'.
- Use general email** [store view]: A dropdown menu set to 'Yes', with a sub-label 'Use general email for all notifications'.
- General Email** [store view]: A text input field containing 'admin@example.com', with a sub-label 'Email in this field will be used as default'.

Below the 'General settings' section, the 'Customer Registration' section is partially visible, showing:

- Enable notification** [store view]: A dropdown menu set to 'Yes'.
- Template** [store view]: A dropdown menu set to 'Extait. Customer Registered (Default)'.
- Send To** [store view]: A text input field containing 'admin@example.com'.

At the bottom of the page, the 'Order Creation' and 'Review Left' sections are also visible, each with a dropdown arrow.

Enable this option if you want to specify one recipient for all notifications. Enter the recipient's email below

In this field admin can enable or disable notification

Thank you for buying our extension!
