INTRODUCTION

The extension makes the searching for a particular order status and analyzing of all grid faster and more productive. Grid Colouring allows highlighting orders according to their status with a particular colour.

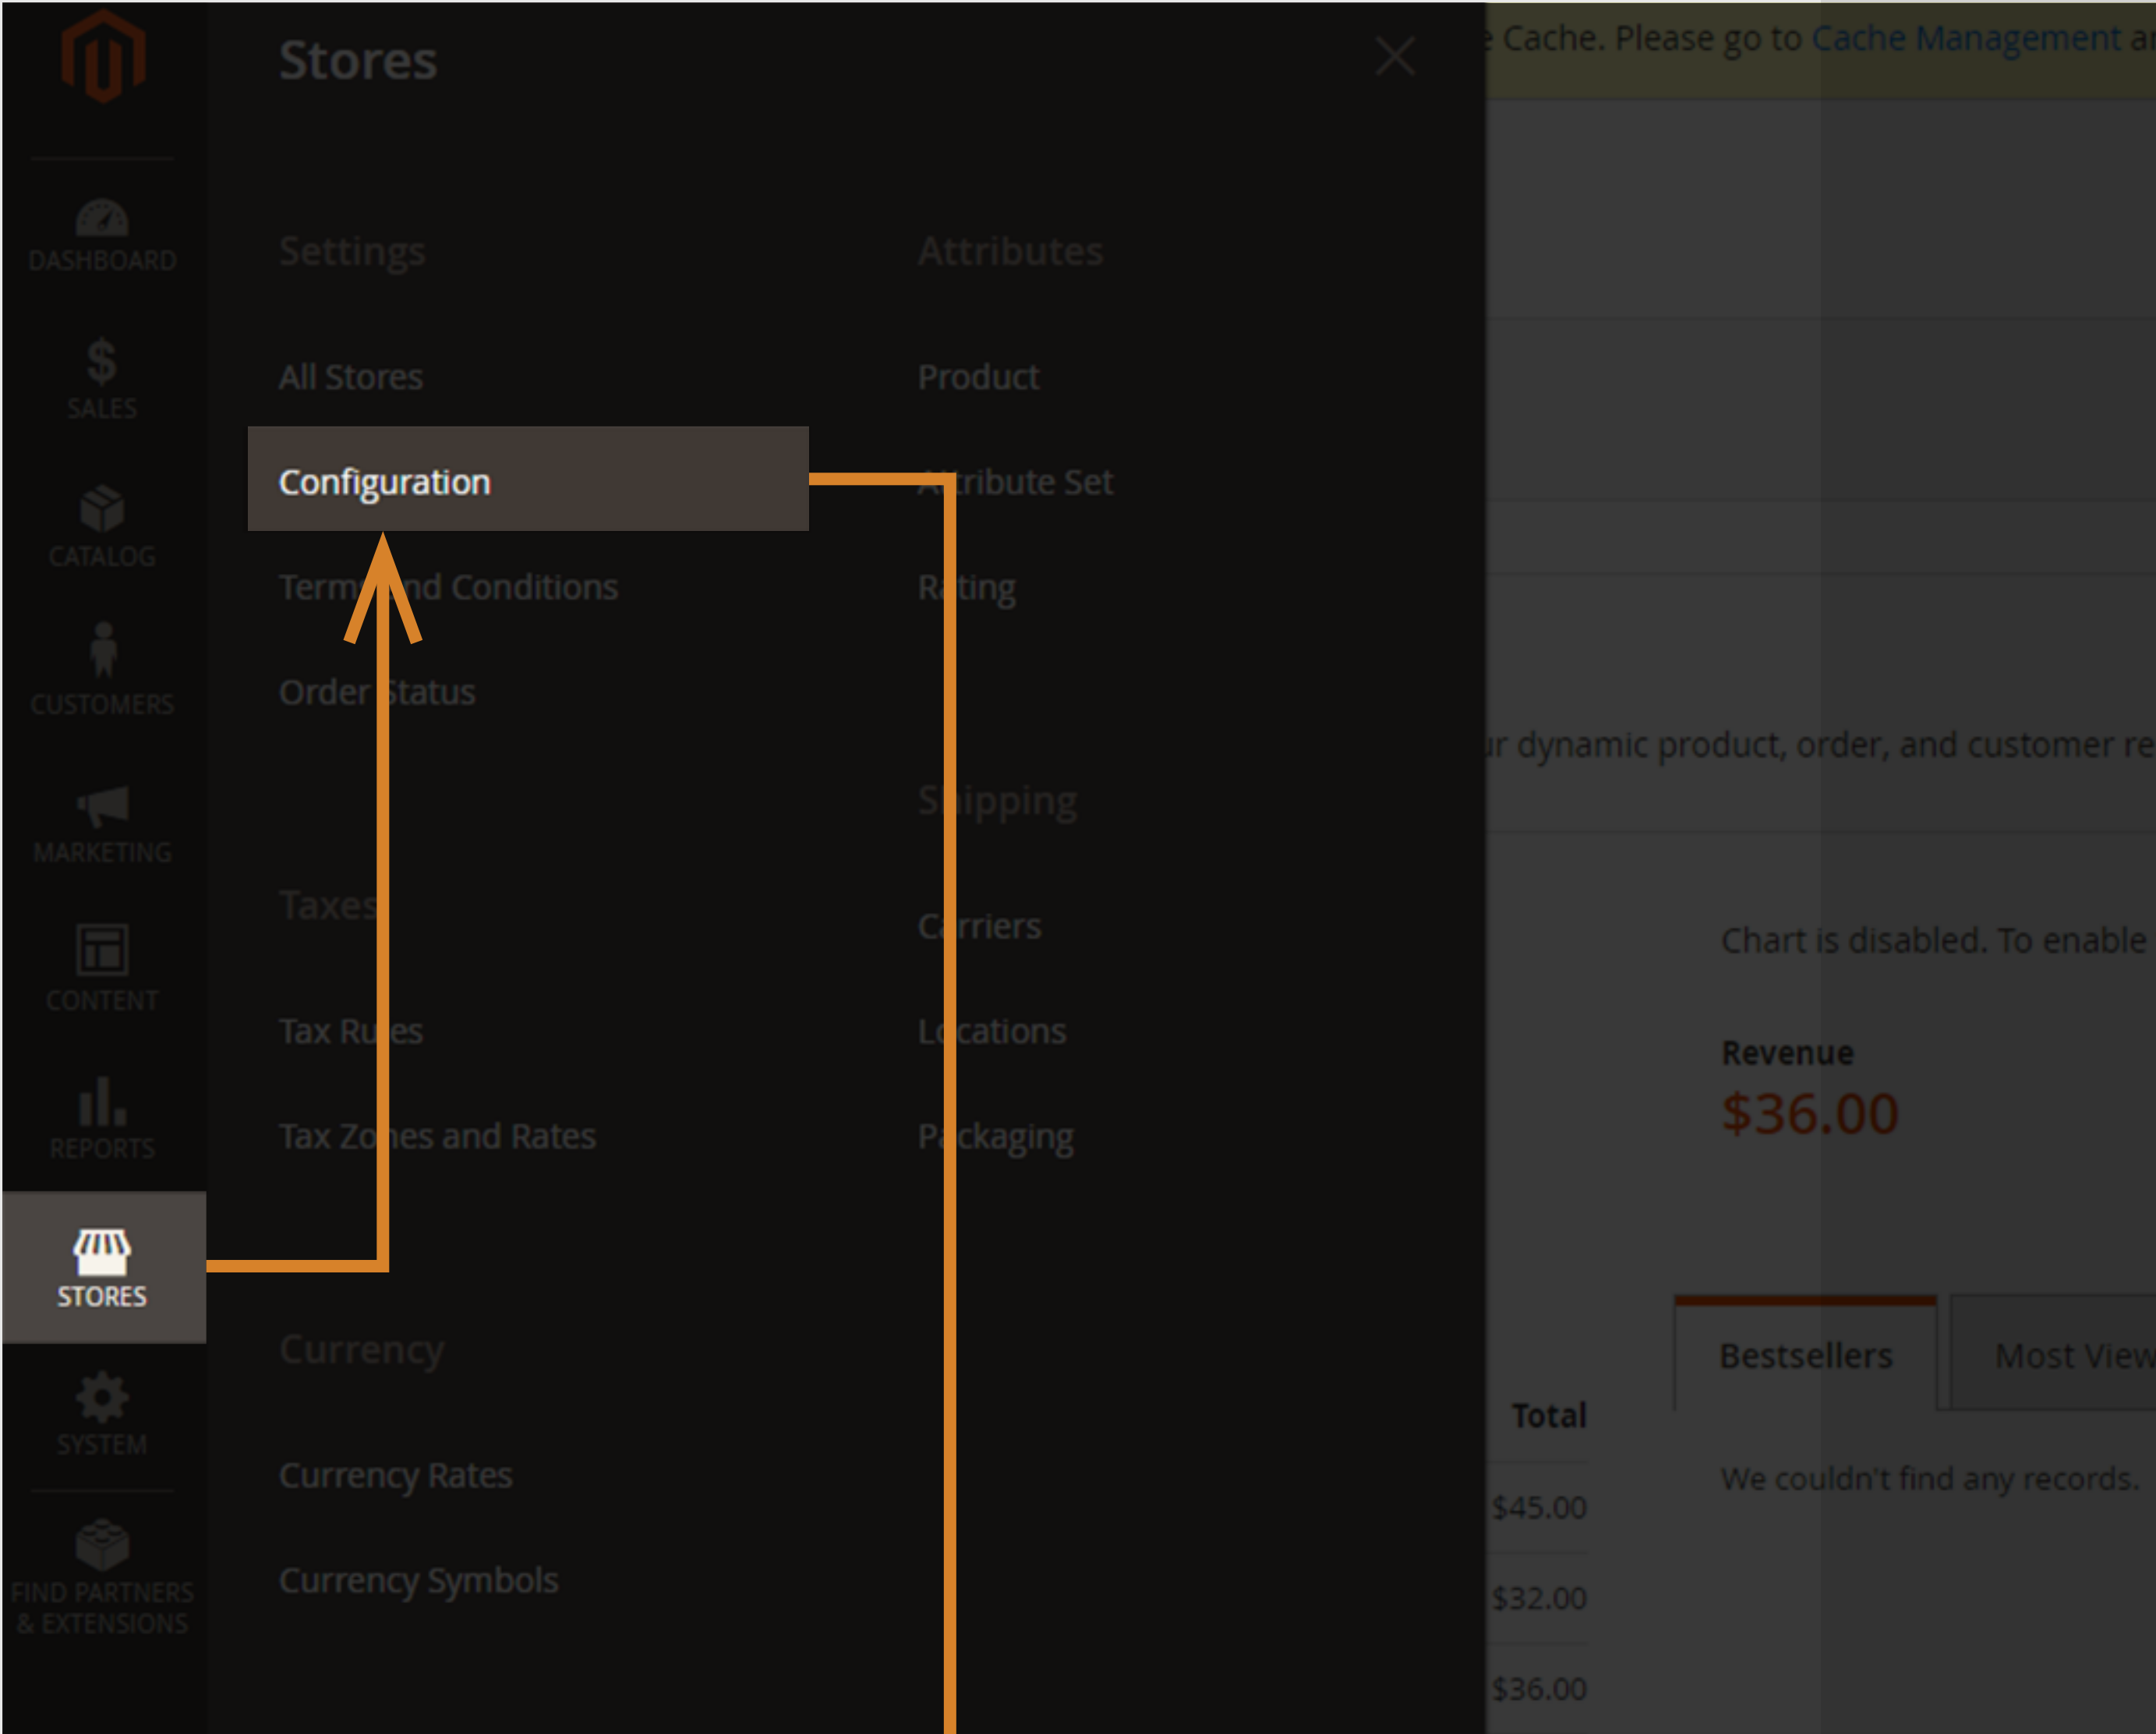

Main Features:

- **Choose colour of rows.** You can set any colour for row background depending on the order status.
- **Apply a colour to text.** You can assign any colour to the text in the row depending on the order status.
- **Comfortable way to analyze information.** The colours visualize your orders grid what makes searching for a necessary order easier.
- **Simple settings.** All statuses and their colour configurations you can find on one page.
